Our mission is to provide businesses with dependable empty container services that are high-quality yet cost-effective. We aim to exceed expectations by offering practical solutions, building lasting relationships, and becoming a name you can trust in the container industry.

# Our Services

---

At Sreeraj Container Services, we offer a wide range of services to meet the diverse needs of businesses in the container industry. From surveys and depot operations to transportation and trading, our goal is to provide comprehensive solutions that ensure your operations run smoothly and efficiently. Here's a closer look at what we offer:

## 1. Container Surveys

Ensuring the safety and quality of your containers is essential for smooth operations, and our container survey services are designed to meet all industry standards.

- ④ **IICL Surveys:** Inspections based on international leasing standards.
- ④ **On-Hire & Off-Hire Surveys:** Pre- and post-lease condition checks.
- ④ **Joint Surveys:** Collaborative inspections with stakeholders.
- ④ **Pre-Survey & Post-Repair Inspection:** Before-use and after-repair checks.
- ④ **Cargo Worthy Surveys:** Ensures containers are fit for cargo.
- ④ **Wind and Water Tight Surveys:** Checks for weatherproofing.
- ④ **Sea Worthy Surveys:** Ensures containers meet maritime standards.

## 2. Container Surveys

We specialize in transforming standard containers to meet unique requirements, offering customized solutions for various industries.

- ④ **Insulation:** Adding insulation to containers for controlled internal temperatures, ideal for cold storage or specific cargo needs.
- ④ **Refrigeration Units:** Installing refrigeration systems for temperature-sensitive goods, making your containers suitable for perishable cargo.
- ④ **Specialized Purposes:** Modifications for unique applications, such as offices, retail spaces, workshops, or mobile units tailored to your specifications.

## 3. Container Depot Operations

Our container depot services are designed to maximize efficiency and reduce downtime, offering businesses a centralized solution for their container management needs.

- ④ **Storage:** Secure facilities to safely store empty or loaded containers when they are not in transit, with flexible options to suit your needs.
- ④ **Handling:** Streamlined processes for the loading, unloading, and repositioning of containers to ensure fast and efficient depot operations.
- ④ **Maintenance and Repairs:** Skilled technicians provide on-site maintenance and repairs to keep your containers in top condition, minimizing delays and costs.

## 4. Container Transportation

We provide end-to-end container transportation solutions to move your containers seamlessly across various modes of transport.

- 🕒 **Trucking:** Reliable trucking services for door-to-door delivery, ensuring containers reach their destinations on time.
